*Distinctively Different by God's Design*

## CHROMEBOOK POLICY

I will need a chromebook issued to me this school year

I will NOT need a chromebook issued to me this school year.

Websterville Christian Academy has prepared the following policy regarding the distribution and use of the WCA Chromebooks:

1. Each student in grades 7-12 will be administered a Chromebook at the beginning of the 2023-2024 academic year.
2. Each chromebook is the property of Websterville Christian Academy and as such is on loan to the student for the duration of the 2023-2024 academic year.
3. Each chromebook will have a unique identification number. The chromebooks will be assigned to students and the corresponding ID number will be recorded. The chromebook with the correct ID number which has been assigned must be returned to the WCA office on or before the last official academic day in the 2023-2024 school year.
4. The student will be responsible to pay for any damages, which are not the result of manufacture defects, to the chromebook they have been assigned. This may include replacing the chromebook at a cost of \$150.
5. The administration and staff is authorized to make surprise inspections of ANY and ALL student chromebooks. These inspections may be made at any time and for any reason. In the event unauthorized use is discovered, the privilege of using the chromebook may be rescinded.
6. These chromebooks are to be used for WCA classroom projects only. This includes the use of classroom apps, word processing and other teacher directed use. Any other use will be considered "unauthorized use" and may result in the privilege of using the chromebook being rescinded. *Chromebook use in the home is under the authority of parents/guardians, but must follow the guidelines outlined in the WCA EUP.*
