Water filtration installed last month and is working well.

The use of the five gallon water bottles is ending.

When it comes to school spirit Tom said there is some stress with the quarter coming to an end and with that posting grades and parent-teacher conferences. Tom has also begun meeting with staff and he feels that has been productive.

Staffing matters will be discussed in executive session.

Tom informed us that his daughter has been helping with janitorial duties and that he is also tracking volunteer hours by using the time clock in the office.

Tabitha suggests when it comes to the high school that we build off our eighth graders and add on each year.

-New Business-

Perception of WCA reputation, Tom Blood:

1)Used to be a presence in the community because of our athletic program.
2)We do not value added programming when it comes to curricular offerings.
3) We can work towards adding additional programming.

Tracy made the suggestion that students go out to do community service and Tom is in support of this idea.
